

Advanced Laser Training Institute Mastership Program -Registration Packet

Big Sky Seminars is an ADA CERP Recognized Provider.

Agenda: Friday 7:30 to 4:30 P.M. ; Saturday from 7:30 to 4 P.M.

Location : 6220 Manatee Ave. West , Suite 401-404, Bradenton, Florida 34209
(941-792-0355)

Please check the course schedule dates for the class you would like to attend.

Course cost: \$3500 per doctor and \$500 for non-doctor assistants or office personnel.

You are receiving this information and registration packet because you expressed a desire to attend the Advanced Mastership Program in Laser Applications. Please fill out the Information and Registration pages and FAX them back to 941-792-4010.

The staff of the Advanced Laser training Institute will call to confirm your registration and let you know if you have a reserved slot for the course . **This is the only way you will know if you have secured a position in this class.**

Details: 1. Only 10 doctors maximum will be accepted into each class. Therefore registration is on a first come first served basis. Additionally we can only accept 5 additional ancillary personnel. If you plan to bring an assistant then you will need to be one of the first 5 doctors that register to secure them a slot in the class. We wish we could accommodate more but the facility can only handle 15 people for the best learning experience. Call us if you have any questions or special re-

2. If you would like to be a model for any treatment or if you bring a registered staff member or model for treatment as well then you must inform us on your registration page. Scheduling these procedures especially in a learning environment is critical. This can not be overemphasized. We want to insure that everyone receives the best education and exposure especially to the new protocols for Vectored lifting. Multiple procedures on models will only be allowed if time permits. This is usually not a problem but time is our main problem in insuring everyone receives the training.
3. Upon arriving for the course you will receive an organizing kit, a handpiece carrier, a mirror polishing kit, accessories for your laser, a thumb drive with information and videos of nearly all the procedure that we teach, and the Abbreviated laser Reference Manual which includes the new Vectored lift protocol.. Leave a little room in your suitcase to get everything home.
4. Once you are registered and have secured a slot in the class, either I or Dr. Larry Lieberman will reach out to you to discuss your practice focus. Make sure we have your office number and your cell number on the registration page and a good time for us to call. With your permission we may contact you after hours so that we can be casual and cover all you want to discuss. . We want to meet your educational needs.

The following have more information about course details, flights and airports, hotels and discounts and **prerequisite requirements**. Complete the registration page and FAX (941-792-4010) as soon as possible to insure your slot in the class. Please Call me if you have any special request . 941-792-0355.

BIG SKY SEMINARS

Big Sky Seminars is an ADA CERP Recognized Provider.

Advanced Laser Training Institute, Inc.

Bradenton, Florida , 34209

941-792-0355 or 1-888-792-0355

This continuing education activity has been planned and implemented in accordance with

the standards of the ADA CERP by Big Sky Seminars and the Advanced Laser Training Institute. Big Sky Seminars designates this activity for 14 hours continuing education credit.

The Course is a combination of 7 hours lecture/demonstration and 7 hours full hands on participation credit with all presented applications.

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

Concerns or complaints about this course may be directed to Big Sky Seminars at bigskyseminars.com Concerns or complaints about a CE provider may be directed to the provider or to ADA CERP at www.ada.org/goto/cerp

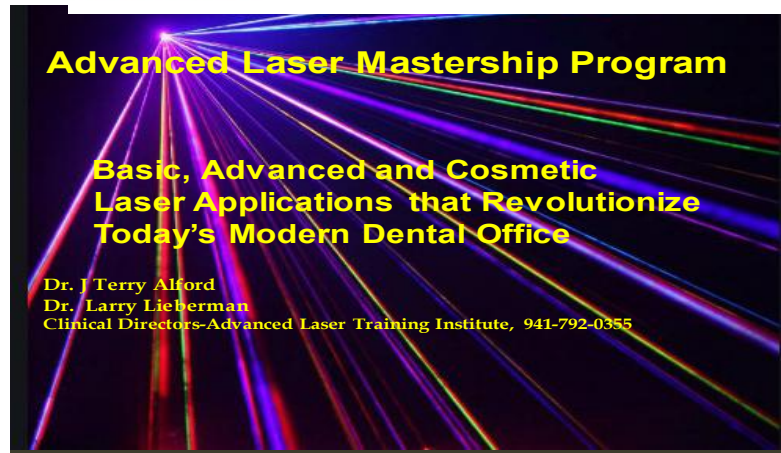

CE credits issued for participation in the CE activity may not apply toward license renewal in all licensing jurisdictions. It is the responsibility of each participant to verify CE requirements of his or her regulatory agency.

Refund Policy- a full refund will be extended in the event the registered attendee can not participate for medical purposes. If cancellation is received no later than two weeks before scheduled class date a full refund will be honored. If the attendee wishes to attend a future class then the registration fee will be honored even if the fee has changed. If cancellation is received within the two week period listed above then a 5% cancellation fee will apply.

This course will cover Laser handpiece setting and simplification, photobiomodulation and its applications to multiple soft tissue and TMD issues. The New Nightlase C3 protocol will be performed and discussed in detail along with smoothlase, liplase, eyelase, Browlifts, skin resurfacing, spider vein removal, hair removal, pigmented tissue applications, acne treatments, advanced dental applications (endo and perio) and the new protocols and setting for the Vectored face lift.

A very special gift : Your manual will have in it the graphics , setting and protocols for the new vectored face lift. We will also introduce you to PRF and its application in cosmetics. This is the highest end treatment that you can provide for your patient. This technology is a game changer for cosmetics.

ADA CERP® | Continuing Education Recognition Program

Course Registration Information and Requirements

You must have attended a basic laser training module either in person or virtually sponsored by your Laser Manufacturer. This should include Laser Physics and Laser Safety. So many of the advanced applications depend on your knowing the tissue and laser physics and the tissue interaction. For consistency we will be covering some physics and safety, however what we cover is not a substitute for Phast or basic training.

1. If you plan to perform Advanced Laser Applications then its highly recommended that you attended the Smoothlase/Nightlase training course either in person or virtually. Information about these courses can be obtained from your Laser Representative . We will also be covering these protocols as well in this class . However, the more you are exposed to these advanced procedures the more you will learn and be able to implement them with confidence in your practice after this course.
2. Model selection will be in this order. Attendee's will have first right to have procedures accomplished. This can be followed by the attending assistants. If you want to bring a model then they can also be treated by you or one of the other doctors if the model does not have a preference in this venue and if time permits. This is usually not a problem but its important to let you know that for a great learning experience you simply can not JAM additional people into the schedule . We will try our best but only after all other models and participants have been accepted for treatment and its determined that time is still available will any additional request be authorized. These advanced laser applications can not be rushed if you want outstanding results and they are often time consuming.
3. Breakfast and lunch for two days and dinner Friday Night will be provided. This Friday night dinner is always a surprise. We usually have a chef prepare an outstanding multi course meal, but who knows. We may end up at MacDonalds. Please let us know if you plan to bring someone to dinner Friday night . They are certainly welcome. However, we want to plan effectively. There is no extra charge for a single dinner guest. Also **if you have any special food requirements such as Vegetarian or food allergies please indicate this on your FAXED registration form which you can download and print.**
FAX to 941-792-4010.
4. We will be following a strict protocol established by the Academy of Laser Dentistry and the manufacturer of each laser system allowing us to standardize training and insure that you receive the required education outlined by the "Curriculum Guidelines for Dental Laser Education". It is out top priority for you to receive the education that will allow you to immediately perform the trained procedures with confidence. Your success is our success. A copy of this "Guideline" will be in your thumb drive in the "Open First Folder".
5. The class will terminate between 3:30 and 4 Pm on Saturday.

This page is for you to give us more detailed information so that we can attempt to arrange for your training focus and your nutritional needs as well. Please print the form and fill it out and FAX it to 941-792-4010.

Course date selected _____

Doctors Name attending the class _____ Cell number _____

Phone number Office _____ Email _____

Contact Person on your behalf plus Phone Number _____

DO YOU HAVE ANY FOOD ALLERGIES OR PREFERENCES.

Brief comment on your laser experience (how long, types, lasers owned , currently using.)

Please provide a short narrative on the your focus for this training and what you want to take away from this course.

Please circle those procedures listed below that you would like to have more knowledge and confidence or perform. If we can we will select a model to perform these procedures.

1. Basic dental Restorations. 2. Soft Tissue (Frenectomy, Gingivectomy, Toughing, Fibroma, Etc., List any other here:

2. Periodontal treatment (Laser Assisted). 3. Endodontic Treatment 4. Socket Debridement with lasers. 5. Fibrin Clot formation for Implant Placement. 6. Implantitis

7. Cosmetic Applications. (Laser Specific) (Liplase, Necklase, Smoothlase, Necklase, Eyelase. Brow Lift, Eye lift, Vectored Face lift (New Protocol)

8. Skin resurfacing, Pigment removal, Spider veins, hair removal, hair rejuvenation.

9. Photobiomodulation (PBM)

Please list specific procedures if any that you would like to have more exposure.

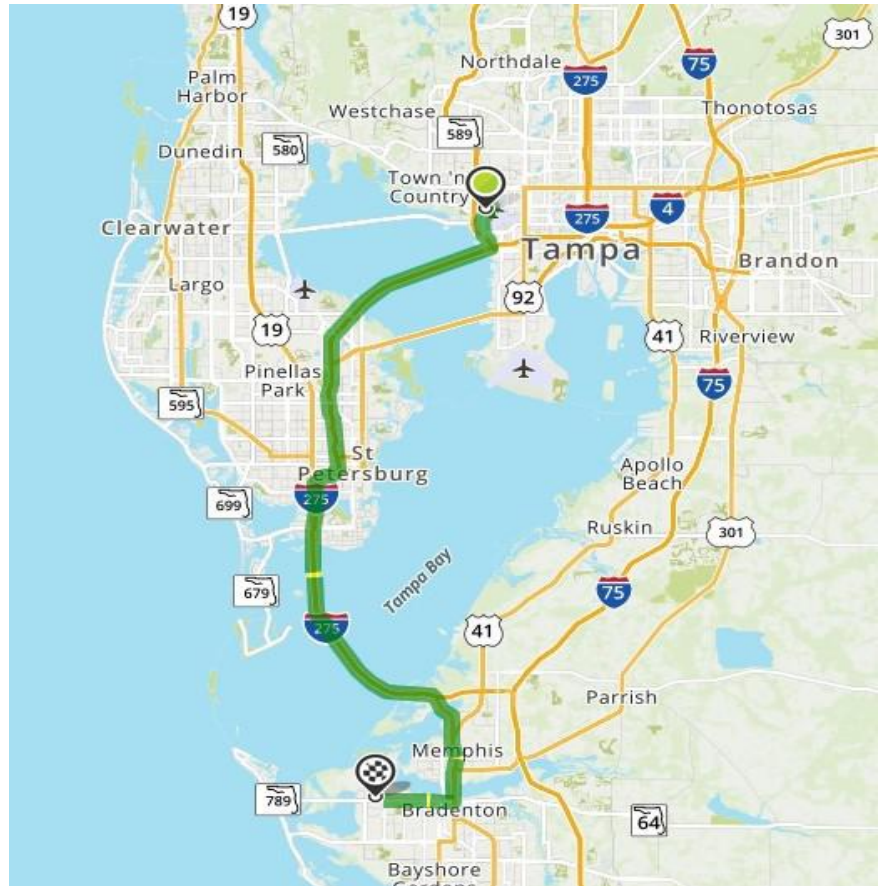

Transportation and Accommodation Information

There are two airports of choice to get to Bradenton, Florida.

Tampa International- Airport Code is TPA. Tampa International is approximately one hour drive from the Advanced Laser Training Institute in Bradenton, Florida. See Map below with directions.

You can use your phone to navigate to the office very easily. The physical address of the Office is :

**6220 Manatee Ave West
Suite 401-404
Bradenton, Florida 34209**

 Start out going north on George J Bean Pkwy toward Ground Transportation.

Then 1.85 miles

 Merge onto I-275 S toward St Petersburg (Portions toll).

Then 34.84 miles

 Take the US-19 S exit, EXIT 5, toward Bradenton/Palmetto.

Then 0.68 miles

 Keep left at the fork in the ramp.

Then 0.05 miles

 Stay straight to go onto US Highway 19/US-19 S.

Then 2.43 miles

 Turn slight right onto US Highway 41/Tamiami Trl/US-41 S/FL-45. Continue to follow Tamiami Trl/US-41 S/FL-45.

Tamiami Trl is 0.2 miles past 43rd Street Blvd.

Then 3.72 miles

 Turn right onto Manatee Ave/FL-64.

Then 3.74 miles

 6220 Manatee Ave W, Bradenton, FL 34209-2303, 6220 MANATEE AVE W is on the right.

If you reach 63rd St you've gone a little too far.

The second Airport you may want to check on is Sarasota-Bradenton International Airport. The Airport Code is SRQ. Delta Airlines has direct flights from Atlanta.

Sarasota Bradenton Airport is a very nice home town airport which is not like Atlanta or larger airports. Easy to get in and out. The airport is only about 20-25 minutes from the office. If you can book into Sarasota then you will eliminate the 1 hour drive from Tampa. However, the drive from Tampa takes you over some very scenic areas. The Gulf of Mexico, the Skyway Bridge are some of the most beautiful scenic views in all of Florida. The drive from Tampa is very nice.

Start out going north on Airport Cir.

Then 0.14 miles

Take Airport Cir toward Rental Car.

If you reach Bradenton Connector you've gone about 0.2 miles too far.

Then 0.25 miles

Turn right onto Bradenton Connector.

If you reach Rental Car Row you've gone about 0.1 miles too far.

Then 0.27 miles

Turn slight right onto Tamiami Trl/N Tamiami Trl/US-41 N/FL-45. Continue to follow FL-45.

FL-45 is 0.1 miles past Airport Auditorium Ln.

Then 5.39 miles

Turn left onto Cortez Rd/Tamiami Trl/US-41 S/FL-45/FL-684. Continue to follow Cortez Rd/FL-684.

Then 1.77 miles

Turn right onto 43rd St.

43rd St is 0.1 miles past 40th St.

If you reach 47th St you've gone about 0.2 miles too far.

Then 2.29 miles

Turn left onto Manatee Ave/FL-64.

If you reach 4th Ave you've gone a little too far.

Then 1.22 miles

6220 Manatee Ave W, Bradenton, FL 34209-2303, 6220 MANATEE AVE W is on the right.

If you reach 63rd St you've gone a little too far.

Accommodations:

There are several hotels available in Bradenton all within about 3 miles of the office. They are listed below with phone numbers . They are all very nice accommodations.

The SpringHill Suites by Marriott is a beautiful hotel. It overlooks the Marina in Bradenton and is walking distance to great restaurants and old main street in Bradenton. Downstairs at the hotel is “Oak AND Stone PUB and restaurant. Very lively. This is the only hotel that we have been able secure a discount. This hotel is only 3 miles from the Institute. The Address is :

102 12th Street West, Bradenton, Florida 34205: 941-226-2200

Here is their website.<https://www.marriott.com/hotels/travel/srqsr-springhill-suites-bradenton-downtown-riverfront/?scid=bb1a189a-fec3-4d19-a255-54ba596febe2>

Here is the Link to get the course discount. Cut and paste into your browser.
